Product description **Black protective respiratory filtration half-face mask with black earbands, marked with FFP2 and with the CE marking printed on it. Product sold online, in particular via AliExpress.**

Packaging description **The product is sold in a transparent/white plastic pouch containing 10 units, with the instructions printed on it, with both claims FFP2 and KN95, and with the CE marking printed on it.**

Is the product counterfeit? **Unknown**

Is this notification linked to a Business Gateway case?

Type of risk **Health risk / other**

Risk description (technical defect and consequences)

The particle/filter retention of the material is insufficient (measured values: as low as 46%). Furthermore, one of the two filter layers does not provide full coverage (missing from the upper chin, cheek and lower chin area). Consequently, the product does not fulfil the health and safety requirements; thus, even if combined with other recommended measures, it may not properly protect.

Legal provisions (at EU level) and European standards against which the product was tested and did not comply

The product does not comply with the Personal Protective Equipment Regulation nor with the European standard EN 149.

(Overall) risk level **Serious**

Product category **Protective equipment**
